Before-and After-School Program For
Children ages 5 through Fifth Grade
2019-2020 School Year

Colorado Academy’s Lower School Before-and After-School Program is an important part of CA’s support for children and families. For many families, it helps reduce the number of transitions in a child’s life. We offer parents a place for their children to be supervised in a quality after-school recreational and enrichment program. Children five years of age through fifth grade can take advantage of this special program.

Students gather after school each day in the east foyer of the Lower School. The children are then escorted to our facility at the east end of the campus by the After-School staff. Our program offers children an opportunity to interact with students of various ages, while participating in a wide variety of indoor and outdoor activities. A separate room is available for children needing to do homework.

The scheduling process requires parents to complete a monthly calendar indicating the days that their child(ren) will need to attend the program. This advance planning assists us in staffing each day. Please complete the monthly calendar if you would like your child(ren) to attend the program. New calendars are available prior to each month throughout the school year. These calendars can be picked up in the Lower School office or in the After School cottage.

The staff of the Before-and After-School program can be contacted during their hours of operation at (303) 914-2565. Voice mail messages may be left at any time at this number. To notify your child and your child’s teacher of changes regarding attendance in the program between the hours of 8:00 a.m. and 3:15 p.m., contact the Lower School Administrative Assistant at (303) 914-2555 as well as the After-School Program staff at (303) 914-2565.
