May 2, 1977

Dear Fellow Alum:

Springtime has arrived in the Rockies and that means we are all beginning to get that spring itch.

It was not so long ago when we were students at good old CA and things began to really unwind about now after the colder months. One would always know that spring had arrived when the campus was full of activity. Lacrosse players everywhere and anywhere, tennis players practicing off the front door of Knowles Center, and baseball players hoping for dry grounds to practice. And we'd know when the year was coming to a close when plans began for that big event, The Giant Relay.

The Giant Relay, occurring the Friday before Memorial Day, brings together all the students for one last function. Last year the Alumni Association put up a team to compete and it certainly was an interesting experience. Alumni back as far as the early 60's showed up to enjoy the day, the comradeship and Harry's hamburgers. In fact some 55 alumni took part, and that was a first. This year we hope to outdo last with a bigger, better turnout.

Enclosed you will find a list of events for the Big Day. If you are so inclined, put down several events you would like to participate in on Giant Relay Day and help the alumni show the faculty and students that age and the good life don't dull that competitive spirit. After the race, Headmaster Frank Wallace has promised to provide some of the good life, a party which was a roaring success last year.

Come join us on Friday, May 27, 1977 for that big event of the year. Last year was a great success and this year will be even better! Hope to see you all there.

Regards,

David E. Price, Jr. 1969
